---

## Summary

Technical and communications oriented Software Engineer with two years of professional experience, and over ten years of hobbyist experience. Obsessive about continuous self improvement, and focused on identifying opportunities for optimization and process improvements.

## Work History

### Software Engineer I | Plex Systems | 5/31/2022 - Current

- Worked with the Platform team to implement IAM sign-on systems and allow for seamless migration and sign-in.
- Implemented specific user types and permissions to allow further customization for our customers.

### Software Developer I | United Wholesale Mortgage | 12/7/2020 - 5/20/2022

- Contributed to <http://uwm.com>, <http://findamortgagebroker.com> and <http://uwmcareers.com> to help mortgage brokers to improve their sales and attract more customers, as well as help UWM find talent, resulting in the company more than doubling in size in the course of a year.

## Skills

**Languages:** Java, C#, HTML, CSS, Javascript, Python, SQL

**Frameworks:** ASP.NET MVC, React, Microservices, Express

**Technologies:** Git, TFS/TFVC, Jira, Eclipse, Visual Studio

## Education

### CIS - Software Engineering | Oakland Community College

Extended Associates degree in Applied Science with a focus in Computer Information Systems and Software Engineering.
