Keegan Barile

White Lake, MI
(248) 214-8273 / admin@koogen.me

Summary

Technical and communications oriented Software Engineer with two years of professional experience, and over ten years of hobbyist experience. Obsessive about continuous self improvement, and focused on identifying opportunities for optimization and process improvements.

Work History

Software Engineer I | Plex Systems | 5/31/2022 - Current

- Worked with the Platform team to implement IAM and other sign-on systems
- More to come!

Software Developer I | United Wholesale Mortgage | 12/7/2020 - 5/20/2022

- Contributed to http://uwm.com, http://findamortgagebroker.com and http://uwmcareers.com to help mortgage brokers to improve their sales and attract more customers, as well as help UWM find talent, causing the company to more than double in size in the course of a year.
- Collaborated with other developers, devOps, QA/QE and BA's in an agile team to develop new features and bug fixes, as well as occasionally write automated regression tests.

Skills

Languages: Java, C#, HTML, CSS, Javascript, Python, SQL
Frameworks: ASP.NET MVC, Selenium (Automation), Basic React, Microservices
Technologies: Git, TFS/TFVC, Jenkins, TeamCity, Eclipse, Visual Studio, BitBucket

Education

CIS - Software Engineering | Oakland Community College
Extended Associates degree in Applied Science with a focus in Computer Information Systems and Software Engineering.
